Lexmark Embedded Solutions

Enhance your customer's business with solutions that trim costs, save time and reduce errors in their document processes.

When you pair award-winning Lexmark hardware and innovative solutions software, the combination is extremely powerful. You'll unleash greater efficiency and productivity, accelerate paper and energy savings, and reap the benefits of streamlined workflows.

Solutions are divided into the following sections:

- **Store and Retrieve** – Solutions delivering print-on- demand capabilities at the eTask panel of device
- **Tracking and Accounting** – Tools for loading authorized users and tracking page usage at the device
- **Tools and Framework** – Applications for configuring shortcuts or templates to support other solutions
- **Copy, Print, and Fax** – Applications supporting specialized paper-oriented functionality
- **Capture and Route** – Workflow solutions for distributed document capture and routing to specific locations
- **Communicate and Personalize** – Tools that allow the Lexmark eTask interface to be customized for a specific purpose
- **Management and Controls** – Application for configuring device behavior
- **Security and Authentication** – Tools for managing LDAP authorizations at the Lexmark MFP
- **Accessibility and Usability** – Solutions for ADA compliance and convenience

Solution categories:

- **Premium** – Solutions with a high value add to the customer. These solutions have an associated cost for the partner. Professional services for design and implementation; as well as, annual software maintenance agreements are suggested.
- **Productivity** – Solutions with significant value to the customer but with no cost to the partner. Some are included as ship-with-equipment on devices. Professional services for implementation; as well as, annual software maintenance agreements are suggested.
- **Utility** – Solutions that enhance the capabilities of the device, but have a lower value add for customers and are available at no cost to the partner. Many are included as ship-with-equipment.

Capture and route		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**AccuRead Automate** Lexmark's AccuRead Automate app enables a Lexmark smart MFP to capture, automatically classify, and route documents, while extracting key information for file naming and indexing. Minimum 1GB DRAM required.	Premium	See price list	See price list	Per Device	Partner Install	Yes
	**AccuRead OCR** Create searchable or editable files (searchable PDF, RTF, TXT) on a Lexmark solutions capable MFP. Requires Hard Drive. May require additional DRAM memory. 30 Day Trial Available.	Productivity	82S0533	$399	Per Device	Partner Install	Yes
	**Email Size Limiter** Limits maximum email attachment size per destination, define up to 10 destinations, capture an image of a hardcopy document, break the document into single pages, attach all pages to a single email or attach one page per email.	Productivity	82S0230	$0	Per Device	Partner Install	Yes
	**Email to Self** Prevents users from sending unauthorized information directly from the Multifunction Products to any email address other than their own. Works with Microsoft Active Directory, making it easy for administrators to enable user authentication at the device.	Utility	82S0219	$0	Per Device	Partner Install	No
	**Fax Forward** Allows you to forward incoming faxes to a Windows fileshare.	Utility	82S0156	$0	Per Device	Pre-Install/ Partner Install	No
	**Multi Send** Captures and routes a document to multiple destinations simultaneously and print a copy if you choose. Documents can be routed to email, network folders, FTP sites or to a remote Lexmark printer.	Premium	82S0137	$149	Per Device	Pre-Install/ Partner Install	Yes
	**Scan to DocuWare®** Lets you quickly and easily import documents into a DocuWare® document management system. Provides a powerful array of tools to capture, index and route documents.	Premium	82S0084	$599	Per Device	Partner Install	Yes

15CH4312

[1] Refer to Device Specs for memory requirements for solutions.
*Hard Disk Optional. Hard disk required only to use advanced scanning functions (scan preview, etc.)
*Pre-installed solutions, please check product overview for listing of preloaded apps at http://partnernet.lexmark.com

Capture and route		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Scan to Hard Disk** Lets you capture documents and save them on the printer's secure hard disk for printing on demand. Lets you save documents in public or private folders, view them as thumbnails, and move, rename or delete files.	Productivity	82S0153	$0	Per Device	Partner Install	Yes
	**Scan to Network** Lets you capture a digital image of a hardcopy document and route the file to a shared network folder. You can preview the first page, rescan the document if necessary, and print a confirmation page with delivery status and time.	Utility	82S0191	$0	Per Device	Pre-Install/ Partner Install	No
	**Scan to Network Premium** The premium version of Lexmark Scan to Network provides advanced imaging, indexing, page management and notification features. You can optimize image quality with automated preview and cleanup tools; add or remove pages; remove blank pages to reduce file size; and index the file through on-screen prompts, bar code capability or a combination of both.	Premium	82S0082	$599	Per Device	Partner Install	Yes
	**Scan to RightFax** Allows you to easily scan documents directly from a Lexmark MFP into your RightFax Server. RightFax Server is a network fax software application that runs on a Windows platform enabling a user to send and receive faxes to their desktop PC. 90 Day Trial Available.	Utility	82S0536	$399	Per Device	Partner Install	Yes
	**Scan to SharePoint®** Provides Microsoft SharePoint® users with a powerful array of tools to capture, index and retrieve documents. Library services let you check in and check out documents, enable version control and print documents from accessible folders.	Premium	82S0085	$599	Per Device	Partner Install	Yes

[1] Refer to Device Specs for memory requirements for solutions.
*Hard Disk Optional. Hard disk required only to use advanced scanning functions (scan preview, etc.)
*Pre-installed solutions, please check product overview for listing of preloaded apps at http://partnernet.lexmark.com

Copy, print and fax		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Card Copy** Captures an image of both sides of an ID card or credit card and prints the images in an enlarged view on one side of a sheet of paper. The digital file can also be saved in a network folder. This application does not require a hard disk, but will use the additional storage capacity if one is present.	Productivity	82S0245	$0	Per Device	Pre-Install/ Partner Install	(Optional)
	**Eco-Copy** Helps you control paper and toner costs with three eco-smart copy settings: darkness control, automatic duplex, and paper saver, which copies pages multi-up onto a single side of the paper.	Utility	82S0229	$0	Per Device	Partner Install	No
	**Fax Over IP** Lexmark's Fax Over IP application doesn't require a separate analog fax line or a fax card/ modem to send and receive faxes over VOIP systems. Instead, faxes are sent directly from the MFP through the IP network.	Premium	82S0397	$299	Per Device	Partner Install	No
	**Forms and Favorites** Saves time and money by eliminating preprinted forms.	Productivity	82S0250	$0	Per Device	Pre-Install/ Partner Install	No
	**Forms Premium** Access forms online quickly, easily and securely allowing you to reduce the number of preprinted forms your business requires.	Premium	82S0136	$199	Per Device	Partner Install	(Optional)
	**Google Cloud Print** Prints from Gmail and Google Docs from your smartphone or tablet. Your documents remain in the Google Cloud until you log into your Google account using the touch screen on your Lexmark printer.	Productivity	82S0134	$0	Per Device	Partner Install	Yes

*Hard Disk Optional. Hard disk required only to use advanced scanning functions (scan preview, etc.)
*Pre-installed solutions, please check product overview for listing of preloaded apps at http://partnernet.lexmark.com

Copy, print and fax		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Physician Orders Routing** Allows nursing staff and clinicians to securely route physician orders and automatically separate STAT and normal orders with the touch of an icon.	Productivity	82S0225	$0	Per Device	Partner Install	No
	**Remote Copy** Lets you scan a document on the "host" multifunction product and route it to another device to print. For example, you could scan a color document on a monochrome MFP and print it on a color device. Or you could scan a document on the host and print it on a device equipped with advanced finishing capabilities, such as hole punching or booklet folding.	Utility	82S0226	$0	Per Device	Partner Install	No

Accessibility and usability		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Accessibility Solution** Allows users with disabilities to set up copy, fax, email, FTP and scan jobs directly from their workstation rather than requiring use of the MFP touch-screen display.	Premium	82S0087	$749	Per Device	Partner Install	No
	**Accessibility Speech** Allows users to hear messages related to the status of the device. User-specific messages can be loaded to override default messages, allowing for full customization of the experience for each user.	Premium	82S0145	$449	Per Device	Partner Install	No
	**Customer Support** Lets you send an email alert to your help desk or service provider to request service or support. Pertinent information about the device can be automatically attached to the email message.	Utility	82S0247	$0	Per Device	Pre-Install/ Partner Install	No
	**QR Code Generator** Generates a Quick Response (QR) Code and display it on the device UI. The QR Code contains the device's IP address by default.	Utility	82S0143	$0	Per Device	Partner Install	No

[1] Refer to Device Specs for memory requirements for solutions.
*Hard Disk Optional. Hard disk required only to use advanced scanning functions (scan preview, etc.)
*Pre-installed solutions, please check product overview for listing of preloaded apps at http://partnernet.lexmark.com

Management and controls		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Eco-Settings** Lets you change up to six different device settings to enhance environmental savings: Eco-Mode, two-sided printing, time to standby mode, time to Power Saver mode, screen brightness and Quiet Mode.	Utility	82S0228	$0	Per Device	Pre-Install/ Partner Install	No
	**Address Book** Allows users to manage the device's internally stored user data,contacts, and scan destinations (if supported applications are installed) from the device's e-Task touch screen interface, as well as from the embedded web server.	Utility	82S0799	$0	None	Partner Install	No

Tools and framework		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Barcode Discovery** Creates and manages templates for bar code reading in applications, such as Scan to Network Premium.	Premium	82S0083	$749	Per Device	Partner Install	Yes
	**Solution Composer Agent** Creates custom solutions for Lexmark Solutions devices.	Premium	82S0291	$599	Per Device	Partner Install	(Optional)

Communicate and personalize		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Background and Idle Screen** Allows you to change the background image that displays on the device's home screen and the images that display when the device is in idle or standby mode.	Utility	82S0218	$0	Per Device	Pre-Install/ Partner Install	No
	**MyShortcut** Lets each person create personalized shortcuts for their frequent copy, fax and email tasks. Lets you name your shortcut and choose the icon. Saves your document settings, email addresses and phone numbers so you don't have to re- enter them.	Utility	82S0227	$0	Per Device	Pre-Install/ Partner Install	No
	**Showroom** Allows standard image files, such as GIF, JPG and PNG, to be run as a timed slideshow on the touch-screen display. Simply touch the icon and the display transforms into a creative advertising medium, teaching tool or message board.	Utility	82S0231	$0	Per Device	Pre-Install/ Partner Install	No

*Hard Disk Optional. Hard disk required only to use advanced scanning functions (scan preview, etc.)
*Pre-installed solutions, please check product overview for listing of preloaded apps at http://partnernet.lexmark.com

Store and retrieve		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Downtime Reports** Gives you 24/7 access to critical documents and reports, even if your IT system fails or the networkgoes down. As documents are updated throughout the day, they are streamed to your Lexmark printer or MFP and stored on the secure hard disk. During a downtime event, simply tap the touch screen, choose a folder and select the documents you need to print.	Premium	82S0194	$449	Per Device	Partner Install	Yes
	**Google Docs** Prints shared google documents on demand, or capture documents and route to Google Drive for storage.	Productivity	82S0135	$0	Per Device	Partner Install	Yes
	**Google Docs Print** Allows users to print important files from their Google Drive account. 30 Day Trial Available. Single Function Printer Only.	Productivity	82S0538	$149	Per Device	Partner Install	No

Tracking and accounting		Solution category	Part #	Price	Licensing	Implementation	Hard disk required
	**Device Quotas** Allows the administrator to configure user level quotas for Print, Scan, Copy and Outbound Fax on this printer.	Utility	82S0139	$0	Per Device	Pre-Install/ Partner Install	Yes

[1] Refer to Device Specs for memory requirements for solutions.
*Hard Disk Optional. Hard disk required only to use advanced scanning functions (scan preview, etc.)
*Pre-installed solutions, please check product overview for listing of preloaded apps at http://partnernet.lexmark.com
*Hosted applications are billed to the partner upfront for the value of the contract term.

Lexmark Advanced Solutions

Enhance your customer's business with solutions that trim costs, save time and reduce errors in their document processes.

When you pair award-winning Lexmark hardware and innovative solutions software, the combination is extremely powerful. You'll unleash greater efficiency and productivity, accelerate paper and energy savings, and reap the benefits of streamlined workflows.

Solution category:

- **Premium** – Solutions with a high value add to the customer. These solutions have an associated cost for the partner. Professional services for design and implementation; as well as, annual software maintenance agreements are suggested.

Advanced solutions		Solution category	Part #	Fee-based	Licensing	Implementation	Hard disk required
	**Education Station** Simplifies schoolwork processes by providing print-on-demand bubble sheet tests, instant grading results and prompt reporting.	Premium	82S0088	Yes	Per Device	Partner Install	Yes
	**Embedded Logistics** Creates, captures, indexes, processes and retrieves logistics documents more efficiently with added savings via print on demand forms.	Premium	No Part Number (Order Various Solutions to make up Embedded Logistics)	Yes	Per Device	Partner Install	Yes
	**Hosted Testing and Grading** Software for educators to print test materials on plain paper prefilled with class roster data, then scan the completed tests to grade them automatically.	Premium	82S0104	Yes	Per Device	Lexmark Assisted	Yes
