

ZEBRA ALL-TOUCH TE POWERED BY WAVELINK GUIDE JULY 2015

WHAT TYPE OF ORDER DO YOU WANT TO PLACE?

Pre-loaded
Only

Not Pre-
loaded or
Pre-licensed

Telnet TE
SWAP to ALL-
TOUCH TE

Android OS (Jelly Bean & Kit Kat)

HOW TO PLACE A PRE-LOADED ORDER FOR ALL-TOUCH TE

1

- Place an order for the number of All-Touch TE licenses you require that will be pre-loaded on new android devices
- Licenses must be ordered for each device [SW-ALLTOUCHTE-AND](#) \$185 List

2

- **Highly Recommended:**
- Order a 1 or 3 year maintenance contract for each license [SWS-ALLTOUCH-TE-10](#) (1 year) or [SWS-ALLTOUCH-TE-30](#) (3 Year)

3

- The ATTE app will already be downloaded on each device

4

- Customer needs to download Velocity admin console at https://download.wavelink.com/Files/Velocity_Console_1.0.0.msi
- Use professional services to help format any screens that did not automatically or correctly convert to HTML5 (less than 20% of screens)
- Customer IT can also use the developer utility to format any screens and customize the user experience

HOW TO PLACE AN ORDER FOR ALL-TOUCH TE (NOT PRE-LOADED OR PRE-LICENSED)

1

- Place an order for the number of All-Touch TE licenses you require for devices without the app pre-loaded or pre-licensed
- Licenses must be ordered for each device [SW-ALLTOUCHTE-AND](#) \$185 List

2

- **Highly Recommended:**
- Order a 1 or 3 year maintenance contract for each license [SWS-ALLTOUCH-TE-10](#) (1 year) or [SWS-ALLTOUCH-TE-30](#) (3 Year)

3

- The All-Touch TE app will need to be downloaded on each device (customers can access the download on https://download.wavelink.com/Files/Velocity_Android_1.0.0.apk)
- A unique license will need to be input on each device to activate the All-Touch TE app

4

- Customer needs to download the Velocity admin console at https://download.wavelink.com/Files/Velocity_Console_1.0.0.msi
- Use professional services to help format any screens that did not automatically or correctly convert to HTML5 (less than 20% of screens)
- Customer IT can also use the developer utility to format any screens and customize the user

HOW TO PLACE A SWAP FROM TELNET TE TO ALL-TOUCH TE FOR MC32 DEVICES

1

- A customer who purchases an MC32 (with Telnet TE pre-loaded and pre-licensed) on or after August 1, 2015 has 30 days to swap Telnet TE for All-Touch TE.
- Place a UPGRADE order to receive an All-Touch TE license for each device using [SW-ATEMC32-UPGRD](#)

2

- **Highly Recommended:**
- Order a 1 or 3 year maintenance contract for each license [SWS-ALLTOUCH-TE-10](#) (1 year) or [SWS-ALLTOUCH-TE-30](#) (3 Year)

3

- The All-Touch TE app will need to be downloaded on each device (customers can access the download on https://download.wavelink.com/Files/Velocity_Android_1.0.0.apk)
- A unique license will need to be input on each device to activate the All-Touch TE app

4

- Customer needs to download Velocity admin console at velocity.wavelink.com
- Use professional services to help format any screens that did not automatically or correctly convert to HTML5 (less than 20% of screens)
