Lexmark CS730 and CS735 Warranty Offerings and Service Parts for US

Announcing Lexmark's Limited Warranty Service, Installation Service, and Consumable Parts for the CS730 and CS735 for US

April 26, 2022

Lexmark

Limited Warranty Service, Installation Service and Consumable Parts

Base Limited Warranty

Base Limited Warranty for the Lexmark CS730 and CS735 color laser products is 1-Year Onsite Repair, Next Business Day response time.

Extended Limited Warranty

Extended Limited Warranty offerings of up to six years will be generally available beyond the Base Limited Warranty for the Lexmark CS730 and CS735 products, providing coverage for a total of up to seven years.

These Onsite Repair, Next Business Day response offerings may be purchased any time during the Base Limited Warranty.

Following the Extended Limited Warranty period, Renewal coverage may be purchased in one or four-year increments as long as the product is continuously supported by Lexmark.

If a lapse in warranty coverage occurs, a Per Call service charge will be applied and 1-Year Post Warranty will be available.

Consumable Parts

Using only Genuine Lexmark Parts optimizes the designed performance of this product. Consumable parts are those components which experience normal wear as pages are printed and may include items such as fusers, pick rollers, separator pads and transfer modules. Consumable parts are often packaged together as “Maintenance Kits” for convenience to the customer.

Genuine Lexmark Parts, printers and supplies are engineered to work together to provide superior dependability and performance, resulting in the best customer experience with this product.

Most Genuine Lexmark consumable parts are “customer replaceable units” (CRUs), which means they are designed to be replaced by the customer without requiring tools. Consumable parts that require replacement by a qualified technician are called “field replaceable units” (FRUs). When the printer is covered by base or extended limited warranty and the replacement of a consumable FRU part is required, the part will be installed by a Lexmark Authorized Service Technician with no labor charge. If the consumable part has reached its rated life, it’s the customer’s responsibility to purchase the part. Installation of CRU parts by a Lexmark authorized service technician is available as a billable alternative.

Genuine Lexmark parts may be ordered from the Lexmark Parts Store at https://parts.lexmark.com .

These parts may also be found by going to the Lexmark home page, lexmark.com => selecting the “Supplies and Accessories” tab, => selecting “Genuine Parts”, => scroll down and click on “Go to the Parts Store”. You can then search by part number or model.

Purchase of these Genuine Lexmark Parts may also be through a Lexmark Authorized Reseller.

CS730 and CS735 color laser products: Part Numbers, Descriptions, CRU/FRU, Yields and Prices

Part #	Part #s Included	Description	CRU / FRU	Yield Pages
