Announcing Supplies for CS531, CS632 Color Printers and CX532, CX635 Color Multifunction Printer

April 2023

Overview

Lexmark is pleased to announce supplies featuring Unison™ Toner for the following newly announced devices: CS531, CS632 Color Printers and CX532, CX635 Color Multifunction Printer

Lexmark Unison™ Toner cartridges are essential to Lexmark Print System performance, delivering consistently outstanding image quality, long-life system reliability, and amazing sustainability.

Genuine Lexmark supplies with Unison™ Toner's unique formulation offer:

- **Consistently Outstanding Image Quality**
  - Rich black and vibrant colors with crisp details
  - Documents that look great from the first page to the last page
  - Fade-free prints
  - Shake-free cartridges
  - Increased office productivity
- **Long-Life System Reliability**
  - Maximum protection for the print system
  - Reduced wear on long-life system components
- **Amazing Sustainability**
  - Low-temperature printing
  - Reduced Total Energy Consumption versus our previous toners
  - Printer supplies may contain reused materials and components recovered from the Lexmark Cartridge Collection Program (LCCP)

Region-Specific Supplies

Region-specific supplies allow Lexmark to tailor our offerings to specific markets. They also protect our customers and partners by minimizing opportunities for counterfeit supplies.

Customers should purchase and use cartridges designated for their region. Supplies from other regions will not work in their printer or MFP.

Return Program Cartridges

Toner cartridges for CS531, CS632 Color Printers and CX532, CX635 Color Multifunction Printer are available in Return Program or Regular versions.

Return Program cartridges are sold at a discount (versus the price of the corresponding Regular cartridge) in exchange for the customer's agreement to use the cartridge only once and return it only to Lexmark for remanufacturing or recycling. Resellers selling Return Program cartridges also agree to comply with these terms and conditions. If a Reseller possesses an empty Return Program cartridge, they agree to return it to Lexmark for reuse or recycling.

Regular cartridges are available for customers who do not want to comply with the Return Program agreement terms.

Important Product Content Changes

Lexmark is driven by a commitment to corporate social responsibility. Sustainability is at the core of our supplies business, and we follow the principles of robust eco design, zero waste, and the circular economy to minimize our environmental impact. In 2021, reclaimed plastic through PCR and reuse represented 39% of the plastic used to produce Lexmark branded cartridges.

To enhance their sustainability profile, all CS531, CS632 Color Printers and CX532, CX635 Color Multifunction Printer supplies may contain reused materials and components recovered from Lexmark's Cartridge Collection Program. For more information, visit lexmark.com/productcontent or contact your Lexmark Account Representative.

Both CS531, CS632 Color Printers and CX532, CX635 Color Multifunction Printer Return Program and Regular cartridges are backed by a limited lifetime warranty and are eligible to be returned by customers after use through LCCP.

Lexmark Cartridge Collection Program (LCCP)

Lexmark's goal is to reduce our impact on the environment and help our customers do the same. We offer our customers a free and easy way to return their used cartridges. Lexmark follows a zero-landfill waste policy, reusing or recycling 100% of the cartridges recovered through LCCP. We reuse and recycle millions of pounds of materials collected through LCCP each year.

For more information on LCCP, visit lexmark.com/recycle and select your country.
