

Transitioning from the DS9208 to the DS9300 Series

Get big benefits when you upgrade to the DS9300 Series — the presentation scanner that fits everywhere, scans everything and is built for all-day reliability

Superior scanning performance

- Faster swipe speed
- Larger field of view for easier presentation scanning
- PRZM Intelligent Imaging — better performance on low contrast, dense, shiny and other challenging barcodes

More features and innovation

- New modern design
- ScanSpeed Analytics, Data Parsing tools and more
- Supports Digimarc, DotCode, Dotted DataMatrix
- User-friendly illumination

Lower TCO

- Better protection against spills with IP54 sealing and elevated electronics
- Drop and tumble spec improves durability and uptime
- Plug and play with auto-host detect cables

An easy transition

- Same near-zero footprint
- Backward compatible with DS9208 cables and power supplies
- Same configuration utility with 123Scan
- Same screw hole pattern for mounting accessories

Part Number Transition

*If your part number is not listed, please contact your Zebra representative
