

Peak Technologies has you covered for all of your rental needs.

We're here to help!

Rent Zebra

for a low monthly price

TC78
\$95/m

Here's how it works:

- Visit <https://myfx.peaktech.com>.
- Enter your FXG ID, email address, and password to get started.
- Rent a Zebra TC78 for \$95/mo per device for a minimum 3 month commitment.
 - Select Device & Rental start date
 - Charge cable cup with 12 volt adapter for charging can be purchased separately
 - Order as early as possible - quantities limited
- Billed Monthly on the credit card used to secure your order.
- Purchase a data plan for the minimum three months upfront.
- Your device will arrive preloaded with the FORGE application.
 - Managed Services and Advanced Exchange, including staging and mobile device management (MDM), are included in the monthly cost.
- Instructions on returning the device will be provided at the end of your rental agreement.
- That's it. No hidden fees, no need to commit to anything past your three month agreement.

Buyout options!

- Device Procurement
- App Installs & Updates
- Device Maintenance
- Cellular Data Services
- Device Repair/Support
- Peak Season Options

We promise it's AS easy As 1, 2, 3

Here's how it works:

1 Choose your Device & Services Bundle

We offer the ability to build your own bundle, where you choose your device and services. Every bundle includes what you need to get started out-of-the-box.

2 Choose Your Data Plan

We're partnered with a world-class data solution provider for all of your data and connectivity needs. This is your one-stop shop for a reliable and fully-integrated mobile data plan that utilizes a multi-carrier SIM, allowing for optimum connectivity.

3 Lease or Buy

All of our bundles are designed to be leased on a monthly schedule, on a cost conscious budget. If you prefer to buy your device outright, that's available, too.

Why Peak?

1-on-1 Coaching

Whether you have 5 routes or 50+ routes, we're here to guide you every step of the way as you transition to the FORGE scanning application.

Peak Mobile Insights

A software tool that provides you with real time visibility and actionable insights on the health and utilization of your scanning devices.

Supporting Cost Savings

We have aggressively worked to get you lower costs on your connectivity. Advantix provides you with a pooled 1GB data plan with the advantages of a SMART SIM (virtually no drops regardless of carrier).

Unmatched Support & Service

24/7/365 Help Desk support to answer your technical questions and/or get you an RMA for a next day replacement device. Engineers that are working on your behalf to create solutions and work arounds to keep your devices up and running.

Simple and Flexible

Hardware, accessories, managed support services, break fix programs and the lowest priced rental program in the market. Couple that with flexible leasing options to help you get the most out of your investment data collection investment!
