

Upgrade Your LI4278 to Next-Generation 1D/2D Scanning

With the LI4278 scanner reaching its end of life in 2026, now is the time to upgrade to Zebra's latest cordless 1D/2D scanners. This ensures you're prepared for the industry's move to 2D barcodes by 2027.

Upgrading gives you faster, more reliable scanning and advanced cordless performance. You'll also be ready for new standards like GS1 Digital Link, which transforms product data into a web address embedded in a 2D code, for rich, updatable product data. Step up to a modern Zebra scanner to capture more data, improve performance, and be ready for what's next.

LI4278 1D SCANNER
END OF SALE: OCT 2026

Next-Generation Replacement Options

DS2278

Budget-friendly general-purpose handheld cordless scanning

Affordable and easy to deploy, the DS2278 delivers reliable everyday 1D/2D scanning without compromising performance. Intuitive, point-and-shoot operation makes the transition from 1D simple and seamless.

Scanning Performance

- Familiar 1D-style aim line for fast adoption
- Fast omnidirectional scanning
- Reads many challenging barcodes
- 1D, 2D, mobile/paper, GS1 Digital Link¹

Workflow fit

- Optimized for cashier manned POS and everyday scanning
- Designed to feel instantly familiar to LI4278 users
- Single-step pairing with any Bluetooth-enabled tablet or smartphone

DS4678

Versatile, feature-rich scanning that can do more across your business

Powerful and versatile, the DS4678 delivers high-performance, feature-rich 1D/2D scanning. The DS4678 can do more across your business—driving productivity, flexibility, and long-term value.

Scanning Performance

- Designed to expand what teams can scan and do
- Fast omnidirectional scanning
- Reads most challenging barcodes
- 1D, 2D, mobile/paper, GS1 Digital Link¹

Workflow fit

- Built for self-checkout, cashier manned POS, and everyday scanning
- Driver's license and High Density models available
- Choice of Presentation Cradle or Standard Cradle to mount on a checkstand

¹ GS1 Digital Link support will be available on DS2278 and DS4678 in an upcoming firmware release. Learn more about Zebra's support for Digital Link at: <https://www.zebra.com/us/en/cpn/implementing-g1-digital-link.html>

Feature Comparison and Part Number Transition

	LI4278	DS2278	DS4678	Why it Matters
Reads Challenging Barcodes	Some	Many	Most	Boost productivity with Zebra's PRZM Intelligent Imaging technology; read poor quality and challenging codes
Scanning Range (100% UPC)	1 to 31 inches 2.5 to 78.7 cm	0.5 to 14.5 inches 1.3 to 37 cm	0 to 28 inches 0 to 71 cm	DS4678 offers a long scanning range to capture items in the bottom of a shopping cart
Aimer				DS2278's linear aim line is similar to the LI4278, minimizing the learning curve
Cradle Options	Desktop Cradle, Presentation Cradle	Presentation Cradle	Desktop Cradle, Presentation Cradle	The Presentation Cradle provides hands-free scanning; the DS4678's Desktop Cradle can be mounted on a checkstand
Battery Scans from Full Charge	Not available	110,000 scans at 60 scans per minute or 50,000 scans at 10 scans per minute	50,000 scans at one scan per second	The DS2278 and DS4678 deliver more than full-shift battery power—supporting the longest shifts without interruption
Configuration Tools	123Scan, Scanner Management Service			Keep using the same well-loved tools for an easy transition

Part Number Transition: If your part number is not listed, please contact your Zebra representative.
