

Many of us prefer clicking & collecting in our socially-distanced world

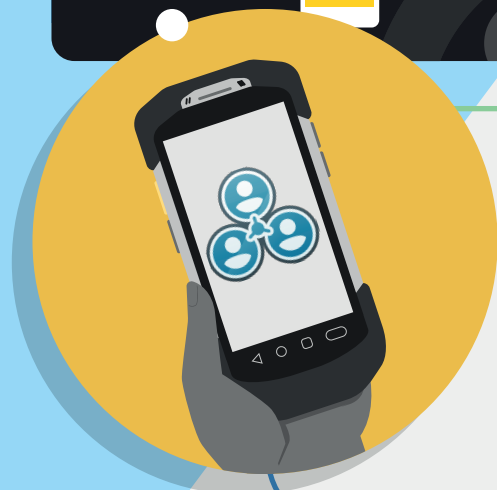

Contactless collections, powered by Doddle and Zebra Workforce Connect ensure safe and seamless shopping from booking to the car boot

It eliminates contact and allows retailers to safely meet growing demand for click & collect

Using Workforce Connect on any Android or IOS device, staff can collaborate intuitively, effectively and seamlessly

With push-to-talk and text messages shared instantly and securely over wi-fi and cellular

In combination with the integrated Workforce Connect software, the Doddle app allows retailers to own the user experience

And enable safe, seamless, enjoyable, convenient and more profitable shopping experiences
