Honeywell Announces Regional Expansion of HF810 and HF811 Fixed Industrial Scanners

Honeywell is pleased to announce expanded availability of the HF810 and HF811 fixed industrial scanner to all global sales regions.

Partners who wish to sell the HF810 and HF811 must first complete a certification process, and sign a Partner Agreement which outlines partner expectation and requirements for successful participation. For more information about the certification process and partner agreement, please reach out to the Product Marketing Manager (PMM) corresponding with each region, listed below:

North America: Mark Dessommes – Mark.Dessommes@Honeywell.com

Europe: Livia Astefanoaei – Livia.Astefanoaei@Honeywell.com

META: CJ Singh - Charanjeet.Singh2@honeywell.com

Latin America: Brenda Perez Cano – Brenda.PerezCano@honeywell.com

APAC: Derry Sak – Derry.Sak@honeywell.com

NEW PART NUMBERS

See the Excel table for a list of the new SKUs affected by this notice. About the HF810 and HF811

The HF810 and HF811 are compact, powerful fixed-mount scanners for Warehouse/DC and Manufacturing customers who need to track, trace and control the movement of goods throughout their workflow. A powerful barcode reading algorithm and industrial hardware design contribute to the high decoding efficiency of the HF81X-series. Quick and easy configuration enables optimized reading with one click. Flexible accessory options and software configurations enable high-performance scanning in a wide array of settings and environments in a more economic way.

For additional information on the HF810 & HF811, please visit the fixed mount scanning page [HERE](#).
