

Honeywell Announces New CT40 Hard Protective Boot CT40-PB-XP

Honeywell is pleased to announce the launch of new CT40 hard protective boot CT40-PB-XP, which increases the ruggedness of CT40 and CT40 XP mobile computers, moving the drop specification from 1.2 m (4 ft) to 1.8 m (6 ft). The new boot accommodates the push-to-talk (PTT) button introduced on the CT40 XP.

The new boot is fully backward compatible with all CT40 SKUs, as well as accessories designed to connect to the devices using attach points on the hard boots.

The new boot replaces the CT40-PB-00 which is no longer available. This notice serves as formal notification of the end of life of the CT40-PB-00.

Retired SKU	New SKU	Description
CT40-PB-00	CT40-PB-XP	CT40 and CT40 XP protective boot (replacing CT40-PB-00). For use with CT40 booted accessories, including charging docks, display dock, booted scan handle and wearables.

ABOUT THE CT40 AND CT40 XP

The CT40 and CT40 XP are a pocketable, flexible, go-anywhere mobile computers on Honeywell's Mobility Edge™ platform. Retailers are rapidly deploying mobile technology to empower sales associates for tasks such as stock checks, inventory restocking, click-and-collect order picking as well as direct information lookup for customers on the sales floor. With the products, retailers have real-time access to product and inventory data and can answer customer inquiries on the spot, improving customer conversion rates and sales and enabling personalized service for customer retention and satisfaction.
