Honeywell Announces SOTI ONE

In partnership with SOTI, Honeywell is pleased to announce the launch of four SOTI ONE offerings: SOTI Connect, SOTI Assist, SOTI Insight, and SOTI SNAP. As part of the Honeywell-SOTI partnership, Honeywell is including UEM Connect with the purchase of applicable SOTI ONE SKUs.

Mobile technology is transforming the way businesses operate by automating and eliminating manual and paper-based processes that cause delays in your operations and downtime for your business-critical mobile devices. The SOTI ONE Platform reduces the cost, complexity and downtime of your business.

See the Excel table for a list of the new SKUs.

ABOUT THE SOTI ONE

SOTI Connect is an IoT solution that provides complete lifecycle management of IoT-enabled devices within an organization. Its highly flexible, data-driven architecture means that devices can be quickly supported and managed, reducing deployment time for IoT initiatives.

SOTI Assist is the industry's first diagnostic help desk solution that is purpose-built for the mobile-first era. With award-winning remote control technology, technicians can quickly analyze, troubleshoot and resolve mobile device and app issues from anywhere at any time.

SOTI Insight is a business intelligence solution that delivers out-of-the-box analytics on app, data, network and location usage. SOTI Insight makes it easy for organizations to gather actionable insights on the factors affecting their mobile device performance.

SOTI Snap is a cross-platform mobile app development solution built for businesses. It empowers organizations to build the mobile apps they need quickly and cost-efficiently, without the need for specialized resources.
