Honeywell Announces the New Industrial Printer PX45 and PX65

Honeywell is pleased to announce the launch of its PX45 and PX65 industrial printer.

The PX45 and PX65 Series industrial printers are built to meet the needs of round-the-clock, mission-critical applications. These rugged printers deliver advanced connectivity and network protocols, ensuring peace of mind today and a reliable, scalable solution for the long haul.

ABOUT THE PX45 AND PX65

The PX45 and PX65 Series industrial printers are built to meet the needs of round-the-clock, mission-critical applications. These rugged printers deliver advanced connectivity and network protocols, ensuring peace of mind today and a reliable, scalable solution for the long haul.

The rugged, all-metal PX45 and PX65 printers deliver outstanding performance – up to 12 inches per second from first label to last – and incorporate features that reduce downtime and minimize maintenance costs. Both versions are available with 203 or 300 dpi resolution, and the PX45 also offers 406 dpi, for precision labeling without any loss of speed. This is ideal for compliance labeling applications with variable data requiring immediate results.

The PX45 and PX65 printers' smart design features support increased productivity in demanding environments. As Smart Printers, they can host stand-alone applications, developed through the Fingerprint and C# programming languages, helping reduce errors and streamline operational processes.

The printers' device management and diagnostic capabilities – provided in web-based PrintSet 5 Configuration Management tool, configuration tool PrintSet MC for mobile devices and cloud-based Operational Intelligence– reduce downtime and simplify deployment.

Replacing printheads is fast and easy, thanks to the magnetic QuickMount™ printhead design. The PX45 and PX65 printers are co-engineered and tested with Honeywell labels and other media products, optimizing performance when used with genuine Honeywell media.

For additional information, please visit the PX45 [HERE](#), and PX65 product page [HERE](#).

REGIONS AFFECTED

- | | |
|--|--|
| ☒ Asia Pacific (APAC) | ☒ Middle East, Turkey, Africa (META) |
| ☒ Europe (EU) | ☒ Latin America (LATAM) |
| ☒ Greater China (GrCH) | ☒ North America (NA) |

TIMELINE OF EVENTS

ANNOUNCEMENT	DATE
First Order Date	AUG 30 TH 2022
First Ship Date	SEP 15 TH 2022
Standard Lead Time	30 DAYS

PROTECT YOUR INVESTMENT

With Honeywell Repair Services, it's easy to get the level of repair coverage and protection that makes the most sense for your business. Honeywell repair service programs not only protect your device investment, but also provide predictable repair costs for the duration of your agreement. In addition to repairs, with every depot service we also provide required preventative maintenance, as well as relevant engineering, software, and firmware updates.

FOR MORE INFORMATION

Honeywell is committed to providing you with a superior level of customer service. Please contact your Honeywell representative for additional information regarding this communication.
