

Zebra Workcloud Sync™

Enable a More Connected, More Collaborative Staff

Running a recreation and entertainment organization is no easy task these days. Understaffed teams are overburdened with more responsibilities to tackle every day. In such a pressure cooker, there is no time to waste hunting for people or information.

Introducing Zebra Workcloud Sync, a unified and secure solution, purpose built for your front-of-house staff. From one single application, equip your front line with push-to-talk, voice-and-video calling, multimedia messaging and to-dos, making information and co-workers immediately accessible. That's how you engage and encourage your workers to be their most efficient and effective.

Real-Time Collaboration Real-Time Problem Solving

Gaps in communication, teams and information consume workers' time and focus. Workcloud Sync™ resolves that by consolidating all communication and collaboration efforts into one powerful application. With Workcloud Sync, your workers are ready to solve problems on the spot and save valuable time.

Empower Your Staff with a Complete, Collaborative Experience

Forums engages your staff with interactive posts, enabling broad communication across the organization

Chat enriches collaboration with the ability to send 1:1 and 1:many messages with text, images, audio, and video in real time

To-Dos streamlines the assignment and tracking of activities, prioritizing work and enabling accountability with real-time visibility into task completion status

Robust Functionality That Comes Standard

- **Location tracking** of workers inside and outside the four walls
- **Role selection**, enabling workers to dynamically switch roles
- **Alerts and notifications** to focus the front line's attention
- **Single sign-on** to support shared devices
- **Presence** to clarify staff's availability
- **Search** from chat and tasks within the same field
- **Analytics and reporting** for actionable insight
- **Language translation**, key for today's multicultural workforce
- **Central administrative hub** for simplified IT management
- **User directory** for quick access to employees

Voice Calling is ideal for 1:1 and team calls, offering the convenience to hold, transfer, add ad-hoc callers, and more

Video Calling is the perfect complement of voice, helping workers connect remotely and collaborate visually

PBX Telephony builds on voice calling by enabling workers to call out to guests and take their inbound calls directly

Push to Talk instantly connects individuals, groups or teams across sites to coordinate everyday activities and immediately handle emergencies

One Device, Endless Possibilities

Pair Workcloud Sync with industry-leading Zebra devices and become an leader in communication and collaboration. No more switching between applications on multiple devices. Leverage Workcloud Sync for a complete collaborative experience.
