

Workcloud Sync Push-to-Talk

Empower real-time communication with Workcloud Sync Push-to-Talk (PTT), a powerful solution which can transform your mobile devices into feature-rich walkie-talkies. With Workcloud Sync PTT, easily reach the right employee at the right time, creating a collaborative and agile front-line that can quickly assist your customers.

Foster a Collaborative Front-Line Workforce

Workcloud Sync PTT ensures that your employees have the tools that they need to reach each other and work together in real-time.

Easily place 1:1, 1:many, and 1:group push-to-talk calls at the press of a button, reaching who you need at a moment's notice.

Ensure the safety of your front-line workforce with emergency calling that bypasses existing calls.

Eliminate the risk of interference with private and secure channels, and effortlessly scale up with the ability to utilise as many channels as you need.

Drive a Real-Time Response Across Your Front-Line

With Workcloud Sync PTT, offer private channels and clear broadcasts to your front-line workforce, ensuring quick and easy collaboration whenever and wherever you need it.

Set Default Callee

Mark or unmark one person or a group as a default callee, where the press of a button pushes a call directly to a specified person or group.

Quickly Shift Between Calls

Cancel an ongoing PTT call or place a call on hold with the push of a button, ensuring a quick shift and agility when you need it most.

Enhance Your Collaboration

Utilise location tracking and presence to understand who is available and how you can collaborate with them.

Leverage Powerful Accessories

Select between your device speaker, phone earpiece, or Bluetooth device, working with the devices and accessories which work for your employees.
