

Empower care teams with the WS101-H Bluetooth® Communication Badge

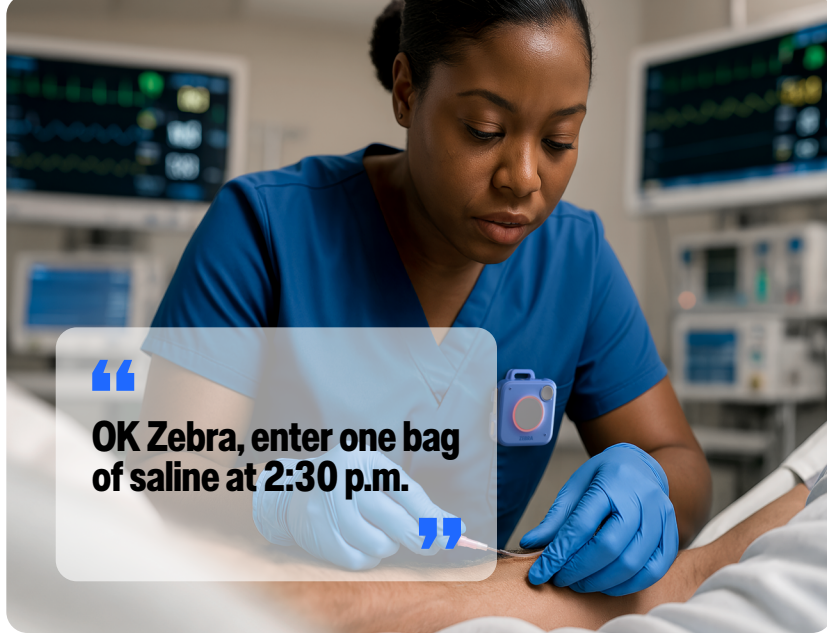

Imagine the difference when staff can instantly communicate without stopping to touch a screen.

With the WS101-H Bluetooth Communication Badge, hands-free voice keeps care flowing. This lightweight, disinfectant-ready wearable pairs with any Bluetooth-enabled Zebra, Android™, or iOS device, helping care teams stay connected, respond faster and focus more on what matters most: the patient.

From patient rounds to supply checks—hands-free voice streamlines every step.

Just ask—and get it done.

With voice-enabled apps on their mobile devices, caregivers can speak naturally to get what they need—instantly. The result? Tasks flow. Communication clicks. And patients get care the moment it matters most.

Engineered for effortless communication

Crystal clear voice with advanced audio features

Works with voice-enabled apps and Zebra's Workcloud Sync

Get assistance by pressing the red Duress Button or saying the safe word

Activate hands-free with a wake word

Silence calls with Do Not Disturb

Streamline note-taking using speech-to-text

Listen to messages with voice text-to-speech

Audio alerts, haptic feedback, and LED notifications

Compact. Comfortable. Completely wearable.

Tiny and weightless.

Under two ounces, two inches, and half an inch thin—so comfortable, you'll forget it's there

Wear it your way.

Clip it to scrubs or a collar, or keep it close on a lanyard.

Seamless pairing with your current and future devices

Tap to pair with any NFC-enabled host

Bluetooth v5.4 for stable, secure connections

Works with any Bluetooth-enabled:

- Zebra Android mobile computers and tablets
- Android smartphones and tablets
- iOS smartphones and tablets

Reliable and ready for every shift

Healthcare workflows never stop—neither does the WS101-H. It's built to perform, shift after shift.

Fully-sealed, disinfectant-ready design

Drop it, clean it with a wide selection of disinfectants, use it in dusty areas—the WS101-H is built to last and lower your TCO.

Removable full-shift battery

Simply swap in a fully charged battery and support back-to-back shifts

Scalable backroom charging solutions

Zebra's ShareCradle system offers fast charging, high density, and modular charging

Easy to deploy and manage

Add hands-free voice—without a complicated setup

The WS101-H is an easy-to-deploy Bluetooth peripheral. That means no additional servers, separate wireless networks or other infrastructure are needed. Managed through your existing EMM on the host device, it adds hands-free voice without adding complexity.

Even the smallest of enterprise devices needs an enterprise maintenance plan.

Reduce workflow disruptions and repair costs with Zebra OneCare.™ Comprehensive coverage keeps your WS101-H Bluetooth Communication Badges performing at their best and always ready for the demands of the job.

Accidental damage + normal wear and tear

Live technical support 8am-5pm in your timezone

3-day turnaround on repairs

Ready to enhance patient care?
Let hands-free voice help.
