

Compact Without Compromise

Meet the new 2-inch printers that give you more features, more power and more security – all in a compact size

The ZD611 and ZD411 2-inch compact desktop printers might be small in size, but they're designed with one big purpose – to give you more of what you need today, tomorrow and for years to come. Get more: reliable printing, advanced technology, unmatched security and robust processing power than ever before. And with multiple connectivity and field-installable wireless and media-handling options, these printers are designed to grow alongside your business. Don't compromise. Expect more from your printer.

Top 5 Ways Zebra's New 2-inch Printers Give More

Make a big impact on your operations with these compact printers

1 More Capabilities

- Industry-leading features for outstanding performance
- Powerful new architecture for faster processing
- Easily manage with Print DNA apps – onsite or remotely
- Engineered to evolve with technology for years of use

3 More Secure

- Unmatched security with PrintSecure, part of Print DNA
- Compare printer settings against best practices
- Easily manage your printer fleet to proactively mitigate threats
- Push updates on your schedule onsite or remotely
- Shield your infrastructure from downtime and costly cyberattacks

2 More Intuitive

- Easy printer set up with mobile devices via BTLE
- Load media quickly with the all-new media-handling design
- See printer status at a glance
- Make changes quickly via intuitive user interface or the 4.3-inch, full-color LCD touch display*

4 More Flexible

- Add additional connectivity including wireless, in the field
- Field-upgradeable peeler and cutter options
- Make it transportable with a battery pack
- Compact size fits almost anywhere
